ISO 22301 Assessor

Audience

Those with business continuity management program experience, internal auditors, and consultants.

- Wondering how your BCM program aligns to ISO 22301?
- Looking for a way to measure your current capabilities?
- Need to identify gaps for program improvement?
- Not ready for a formal third-party certification but ready to self-declare conformity to ISO 22301?
- Looking for a consulting tool to meet client needs?

The ISO 22301 Assessor answers these questions and more!

Description

BCM 4000: ISO 22301 Assessor is offered as a 2-day private course as well as a self-study elearning course. Using a case study approach and the ISO 22301 Capability Assessment tool, participants learn how to conduct a self-assessment of an organization's Business Continuity Management System.

The focus of BCM 4000 is on the requirements of ISO 22301 and how these requirements are implemented in a Business Continuity Management System. Using the ISO 22301 Capability Assessment as a tool for measuring alignment to ISO 22301, attendees receive a FREE electronic copy of the self-assessment tool as part of the course fee.

Learn how to align your BCM program to the requirements of ISO 22301. Gain an understanding of the key practices of a Business Continuity Management System for organizations of all sizes and the essential elements of ISO 22301 and 22313.

Focus

- In-depth review and study of the requirements of the standards: ISO 22301 & ISO 22313
- Study of the essential components of a Business Continuity Management System
- ISO 22301 Capability Assessment- Included FREE! (\$995.00 value)

Course Outline

Part 1: The Role of the Self-Assessment
Part 2: Requirements for a BCMS
Part 3: Analyzing BCMS Needs & Expectations
Part 4: Documenting Procedures
Part 5: Exercise Requirements
Part 6: Performance Evaluation

Learning Objectives

As result of successfully completing BCM 4000, students should show competence in and an understanding of the following areas:

1. Key practices of a business continuity program for organizations of all sizes
2. The essential elements of the following standards:
 - a. ISO 22301
 - b. ISO 22313
3. The requirements for conducting a self-assessment of a business continuity management system

Credentials

Upon completion of the course a certificate of completion is issued as an ISO 22301 Assessor. Worth 1.0 CEU or 10 hours of credit.

Does Your Business Continuity Program Measure Up?

Align, Implement, Assess, and Audit BCM Programs to ISO 22301

Recognized globally for its vendor-neutral, standards-based education programs, ICOR's certification competency areas align to specific jobs or job areas in the business continuity and continuity of operations workplace.

ICOR courses meet your learning style. Take the full course or as individual competency areas. Learn from an instructor via a Private Course or on your own via eLearning or self-study course books. Interactive activity-based curriculum.
